

RFP # 27-02-31 Student Information System SIS Modernization		Questions & Answers Date 5/22/2026 Page 1 of 1
--	--	--

Solicitation No.: **RFP 27-02-31** Description: Student Information System SIS Modernization

Vendor Inquiries and District Responses

Q. Per Project Goals listed on page 3 and functionality requirements (such as 3.2.2 Standards-Informed Grading, page 5), SUSD uses standards-based grading. How many unique standards-based or board-approved custom elementary report cards does the district use or expect to use? In other words, how many grades require a unique report card and in how many languages?

A. 8 Custom report cards, English/Spanish. please list cost for per any additional custom report cards.

Q. Several third-party integrations are mentioned in the RFP, such as Transportation (page 10) and InTouch fee payment system (page 12). Will the district please provide a complete list the third-party applications to integrate with the new SIS?

A. Traversa (this is not for routing only route information), Infotouch, ABRE, Clever, Linewize. EasyBridge, Parent Square, School Links, e-IEP Pro. Please list out the cost to integrate additional 3rd party applications.

Q. Is the District interested in Wait List/Lottery functionality as part of Online Registration?

A. Yes, Please list this out optionally.

Q. . Given that the vendor response is all narrative, would the district consider an extension?

A. There is not an amendment to the Request for Proposal submission due date/time/location.

Q. Are vendors expected to respond to each item in Section 3 In-Scope Functionality through Section 8.4 Fingerprinting & E-Verify?

A. Yes.
